EDUCATION

B.Tech in Computer Science, Bharati Vidyapeeth (DU) College of Engineering Pune Expected June 2025

Relevant Courses: Computer Networks, Operating System, Computer Architecture, Data Structures & Algorithms, Database Management System, Artificial Intelligence & Machine Learning

CGPA: 9.5

SKILLS

Languages	Java, Python, HTML, CSS, JavaScript, SQL, C, C++, Assembly
Frameworks	Hibernate, Spring MVC, Spring Boot, JavaFX, Flask, Django, Hadoop
Web Technologies	JSP, Servlets, JDBC, RESTful APIs, AJAX, JSON, XML
Tools	Git, Maven, Gradle, Docker, Jenkins, IntelliJ IDEA, Eclipse, VS Code
Cloud Platforms & Databases	AWS, Microsoft Azure, Google Cloud Platform, MySQL, MongoDB
Machine Learning	TensorFlow, scikit-learn, Keras, pandas, NumPy, NLTK, YOLO

WORK EXPERIENCE

Java Developer Intern May 2024 – Present

Aone Technologies, Remote

- Engineered Swing application "Cold Storage" for warehouse management, reducing manual tracking time by 50%
- Designed and implemented "Bing Space," a blogging page for clients, increasing client engagement by 30%
- Crafted RESTful APIs, integrating internal systems and improving data flow. Implemented 5 new APIs and increasing data transfer efficiency by 30%.
- Collaborated with cross-functional, resolved 10 issues in a 2-week sprint, ensuring smooth app performance.

PROJECTS

• **Personal Website** : [Link](#)

Developed using HTML, CSS, and JavaScript. Integrated Google Spreadsheets for query logging, resulting in a 20% increase in user engagement.

• **Online Book Store** : [Link](#)

Built with MySQL, PHP, CSS, and HTML. Focused on responsive features and database management, handling up to 500 transactions per day.

• **E-commerce Platform** : [Link](#)

Created using Java and Swing, featuring user authentication, product browsing, and order processing, with a catalog of over 1,500 products.

• **Railway Reservation Application** : [Under Development](#)

Engineered with Java, Spring Boot, and MySQL. Integrated biometric authentication and real-time attendance tracking for up to 1,000 users daily.

LEADERSHIP EXPERIENCE

Vice President 2023 – 2024

GeeksforGeeks Student Chapter, BV(DU)COE, Pune

- Led competitive programming and open-source contribution sessions for over 200 participants
- Managed a team of 30+ members, ensuring smooth operation & teamwork, leading to a 25% growth in chapter
- Brainstormed 40+ workshops on advanced algorithms and data structures, enhancing tech skills among members.

CERTIFICATIONS

- **JAVA – Beginner to Advanced** : Mastered core and advanced Java concepts.
- **PHP with MySQL** : Built robust web applications using PHP and MySQL.
- **Database Management System** : Expertise in database design, SQL, and transaction management.
- **JAVA Full Stack Development** : Trained extensively in full stack development using Java.
- **Certificate Course in ARVR by Unity** : Developed immersive applications using Unity.
